LAWN GRASS

.....	Fine Lawn Grass Mixture.....	Market Prices
In this mixture we use only the very best recleaned seed,		
and we can guarantee that for purity and germination, it is		
equal to any variety sold under any name. One of the great-		
est troubles in obtaining a good lawn is to get it free from		
weeds. These, while not always in the seed, but quite often		
in the ground, or come from the use of stable manure, are,		
nevertheless, always objectionable. Our customers can rely,		
in buying our Lawn Grass Seed, of its being the very purest		
seed obtainable, and entirely free from any weeds or foreign		
seed.
